

These examples show part of the prescription where the required labs are being mentioned. Note that when you start working on it, you will receive the full prescription.

Example 1:

Cholesterol
+
Triglycerides
by measurement

The image shows a handwritten medical prescription. The text is written in cursive and includes 'Cholesterol', a plus sign, 'Triglycerides', and 'by measurement'. There is a large, stylized signature or mark over the bottom right of the text.

Example 2:

Salivato

ATZ DT Globulin

ATZ DT Proxidata

Tinoglobulin

Calcibulin

CEA

Uta. An
M
Nutri

Example 3:

TSH

TG Libre
